ABOUT ME

I'm a passionate Computer Science graduate who enjoys solving problems, learning new technologies, and turning ideas into practical solutions. My experience at mLab CodeTribe Academy strengthened my software development skills and taught me how to work on real-world projects. I'm a quick learner, motivated, and always ready for the next challenge.

EDUCATION

Rantsane Secondary School | 2020

National Senior Certificate

Successfully completed the National Senior Certificate

Tshwane University of Technology| 2022-2025

Diploma in Computer Science

Successfully completed Diploma in Computer Science

EDUCATIONAL TRAINING

CodeTribe Academy(mLab) | 2025 - 2026

Software Developer Trainee

- Developed responsive web and mobile applications using React, TypeScript, React Native, Node.js, and PostgreSQL, delivering user-friendly solutions.
- Built RESTful APIs and integrated frontend and backend systems while testing, debugging, and improving application performance.
- Collaborated using Git/GitHub, contributing to UI/UX design, code management, documentation, and team-based software development.

EXPERIENCE

mLab | 2026

Digital Skills Facilitator

Mentored learners in React, TypeScript, React Native, Node.js, RESTful APIs, databases, and Git/GitHub, providing technical support, code reviews, debugging assistance, and constructive feedback.

Limpopo Varsity Hackathon | 2026

Mentor

Mentored participants in developing mobile applications and IoT solutions to solve real-world problems, providing guidance on software development, UI/UX, and problem-solving.

Limpopo Co-Design Challenge | 2026

Mentor

Mentored participants during the Limpopo Co-Design Hackathon, providing guidance and support as they developed technology-based solutions to real-world problems.

TECHNICAL SKILLS

- **Programming Languages** - Java , React , Javacript , Kotlin ,CSS3 , SQL , Python
- **Front-End** - Flexbox , Grid , Bootstrap , tailwind , jQuery
- **UI/UX designing** - Figma
- **Back-End** - Node js , JEE , JDBC , REST APIs
- **Databases** - Oracle Database , MySQL , PostreSQL
- **Version Control & CLI** - Git , GitHub
  Tools/OS - Vs Code , IntelliJ , Postman , Android Studio , Linux , Windows

PROFESSIONAL SKILLS

- **Communication & Collaboration -** clear , confident , effective team
- **Adaptability & Creativity** - innovative thinker , quicker to learn new looks
- **Time Management & Organization** - meets deadlines , maintains structured worklows .
- **Problem-Solving -** analytical mindset with structured approach
- **Initiative & Resilience -** proactive , perserveres under pressure with professionalism

HACKATHONS

Limpopo Varsity Hackathon | 2025
Participant - Backend Developer

Hack For Nature | 2025
Participant - Scrum Master

PROJECTS

GBV Support & Safety App

- Developed a mobile safety and support platform using React Native, Node.js, and PostgreSQL, Python featuring GBV hotspot mapping to identify high-risk areas.
- Integrated an AI-powered Llama chatbot to provide users with relevant information, guidance, and support.
- Implemented an SOS alert system using Trello and ElevenLabs voice technology to detect stress indicators and enhance user safety.

CERTIFICATES

CodeTribe Academy | View Certificate

React Course

Acredited by IITPSA

Udemy | View Certificate

Full Stack Web Development with React JS , Angular and NodeJS

Udemy | View Certificate

UI/UX Web Design in Figma 2026 | AI & Big Projects
